ABSTRACT

Afrilia. Anggia(2018).“*An Analysis of the Second Year Students’ Speaking Ability to Comment on a Motivation Video at English Department of Bung Hatta University*”.

Advisors : 1. Fitrina Harmaini, S. S, M. A
2. Dra. Ernati, M.Pd

The purpose of this research is to describe the second year students’ speaking ability to comment on a motivation video at English Department of Bung Hatta University. The design of this research is descriptive research. The population of this research was the second year students at English Department of Bung Hatta University. The total sample members were 24 students. They were chosen by using total sampling technique. In collecting the data, the researcher used speaking test. To make the test reliable, the researcher used inter-rater technique. It means that there were two scorers. The correlation coefficients of two scores was 0.92. It means that the test was reliable.

The result of this research showed that the students’ speaking ability at English Department of Bung Hatta University in general was classified into very good ability. It was proved by the finding that there are 71% students had very good ability. The students’ speaking ability in category of content to comment on a motivation video was very good. It was proved by finding that 96% students had very good ability. The students’ speaking ability in pronouncing words to comment on a motivation video was very good. It was proved by the finding that 100% students had very good ability. The students’ speaking ability in using grammar was low. It was proved by finding that 59% students had low ability. The students’ speaking ability in using vocabulary was very good. It was proved by finding that 100% students had very good ability. The students’ speaking ability in fluency was good. It was proved by finding that 88% students had good ability.
