

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

In this chapter, the researcher presents some conclusions and suggestions about tenth grade students' comprehension .on cultural and moral values of folktales.

5.1 Conclusions

Based on the result in chapter IV, the researcher concluded as follows:

1. The students' ability in comprehending cultural and moral Values of Folktales is high. It showed that there were 64 (88.88%) students who had high ability, and 8 (11.11%) students who had low ability.
2. The students had high ability in comprehending cultural value of Folktales It was supported by the fact that 71 students (98.6%) were found had high and 1 (1.38%) students had low ability.
3. The students had high ability in comprehending moral value of folktales It was supported by the fact that 68 students (98.6%) were found had high ability and 4 (5.55%) students had low ability.

5.2 Suggestions

After conducting the research and getting the information about the students' ability in comprehending culutral and moral values in folktales, the researcher suggested to the English Teachers, Students, and Other researchers.

1. For Teacher

In connection with these conclusions, it is suggested to the teacher to give reward to the student who has high ability in comprehending cultural and moral

values of folktales. The teacher must give continue support to improve their ability in comprehending cultural and moral value of folktales.

2. For Students

For students, it is sugessted to maintain their ability in comprehending cultural and moral value of folktales.

3. For further researcher

The further researchers are expected to do research on the other aspect of reading text.
