

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

In this chapter, researcher provides several conclusions and suggestions. The conclusions were drawn based on the result of data analysis and suggestions were proposed based on the conclusions.

5.1 Conclusion

Based on the result in chapter IV, the researcher concluded as follows:

1. Generally, the students' ability in writing explanation text at SMKN 5 Padang was high. It was proved by the data that 13 students (52%) had high abilities.
2. The students had high ability in writing the contents of explanation text at SMKN 5 Padang. It showed that 25 students (100%) had high abilities.
3. The students had low ability in writing the organization of explanation text at SMKN 5 Padang. It was supported by the fact 14 (56%) students low ability in writing organization of explanation text.
4. The students had high ability to use appropriate vocabulary of explanation text at SMKN 5 Padang. It was proved by the data that 25 students (100%) had high abilities.
5. The students had low ability to use language features of explanation text at SMKN 5 Padang. It showed that 14 students (56%) low abilities.
6. The students had low ability to apply mechanis of explanation text at SMKN 5 Padang. This is supported by the fact that 23 (92%) students had low abilities to

apply mechanics of explanation text.

5.2 Suggestions

After conducting the research and getting the information about the students' ability in writing explanation text, the researcher would like to propose suggestions to the english teachers, students, and other researchers.

1. For the teacher

Relating to such conclusion, it is suggested to teacher give more exercises to increase students' understanding about to use language features and to apply mechanics in explanation text. The teacher should use various teaching techniques to solve the problem of students.

2. For students

The students who got good understanding, they are suggested to maintain their understanding in explanation text and try to keep and more improve their understanding about explanation text. The students are suggested to study harder and do more exercises about the use language features and to apply mechanics in explanation text.

3. Other Researchers

The future researchers are expected to conduct a research on other types of text to see the comparison.
