

CHAPTER V

CONCLUSSIONS AND SUGGESTIONS

In this chapter, the researcher presents conclusions and suggestions. Those are made based on the results of this research.

5.1 Conclusions

Based on the result in Chapter IV, the researcher makes some conclusions as follows:

1. The eleventh-grade students (72,06 %) had a high ability to develop the content in writing personal descriptive texts in describing their idol on TikTok
2. The eleventh-grade students (72,06 %) had a high ability to organization in writing personal descriptive texts in describing their idol on TikTok
3. The eleventh-grade students (66,18 %) had a high ability to use grammar in writing personal descriptive texts in describing their idol on TikTok
4. The eleventh-grade students (61,77 %) had a high ability to use vocabulary in writing personal descriptive texts in describing their idol on TikTok
5. The eleventh-grade students (51,48 %) had a low ability to use mechanics in writing personal descriptive texts in describing their idol on TikTok

5.2 Suggestions

Based on the conclusions, the researcher gives some suggestions to the teacher, the students, and future researchers as follows:

1. The students should improve their ability to write descriptive text with by doing more exercises. They should learn more about the aspects of writing especially use mechanics in writing descriptive text.

2. The teachers are suggested to give several exercises, especially in writing descriptive text because they had a low ability in using mechanics.
3. The future researcher is suggested to investigate students writing describing other objects.
