Abstract

In this paper, the writer analyzes of the women oppression and the women resistance toward women oppression in the novel *Vox* by Christina Dalcher. This novel depicts women oppression where women have been silenced due to government regulations that make women feel the unpleasant treatment. This study aims to analyze the women oppression and the resistance of women toward oppression. The writer analyzes using feminism theory. This study used the method of interpretation and close reading to understand the novel. The results of this study indicate that several lack of freedom for women and injustice in job for women from several experiences of the characters. The form of women resistance are underground resistance group, accepting job offers and demonstration against the injustice. The resistance aims to help the character get free from the regulations. In conclusion, the oppression of women occurs because men want women according to their desire, even though it is an injustice for women and makes women experience difficulties and injustice in their daily life and how the characters face these and make the resistance to free themselves.

Keywords: feminism, women oppression, women resistance.
