

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

In this chapter, the researcher provides several conclusions and suggestions. The conclusions are based on the findings and discussions about the results of this study and the suggestions are based on the conclusions of this study.

5.1 Conclusions

Based on findings of the research result in the previous chapter, it can be concluded that:

- 1) Students had problem in learning speaking by using zoom media at SMA N 1 Sawahlunto , especially in using vocabulary (60%), pronunciation (80%) and in using media (77%).
- 2) Students had (50%) problem and (50%) no problem in content by using zoom media at SMA N 1 Sawahlunto.
- 3) Students had no problem in using grammar (70%) in learning speaking by using zoom media at SMA N 1 Sawahlunto.
- 4) Students had problem in using vocabulary (60%) in learning speaking by using zoom media at SMA N 1 Sawahlunto .
- 5) Students had problem in pronunciation (80%) in learning speaking by using zoom media at SMA N 1 Sawahlunto.
- 6) Students had no problem in fluency (63%) in learning speaking by using zoom media at SMA N 1 Sawahlunto.
- 7) Students had problem in using zoom media (77%) at SMA N 1 Sawahlunto .

5.2 Suggestion

Based on the conclusions of this research about students' problem in learning speaking by using zoom media, the researcher tries to give some suggestions:

1) For teachers

Teachers are suggested to minimize students' problem in learning speaking by using zoom media especially to practice more in using vocabulary, pronunciation and media.

2) For the students

Students are suggested to minimize their problem in speaking and having more time to practice, especially in using vocabulary, pronunciation and media.

3) For future researcher

The researcher are suggested to do research related to the causes of the problem found by the students, especially in using vocabulary, pronunciation and media.
