**ABSTRACT**

*This study examines the analysis of the influence of product quality, service quality and pricing strategies on consumer satisfaction in the Nusantara Pengantin in Batusangkar City. The data analysis technique used is multiple linear regression analysis and t-test as a hypothesis, where the sampling technique uses purposive sampling technique. Based on the specified criteria there were 138 respondents based on the chochran formula. The results of the study concluded that there was a significant positive effect between product quality and pricing strategies on consumer satisfaction. There is a positive and insignificant effect between service quality on customer satisfaction. It is recommended to the company management to consider that pricing is affordable, and better product quality can increase customer satisfaction.*

*Keywords:* Product Quality, Service Quality, Price Strategy, Nusantara Pengantin Costumer Satisfaction
