

CHAPTER V

CONCLUSIONS AND SUGGESTION

5.1 Conclusions

Based on the result of the research that the writer got from the data, the writer makes the conclusion relating to the research question stated in previous chapter. Clearly it is conclude that:

1. The students' ability in writing descriptive text after watching a video at class X engineering major in SMK Negeri 1 Painan is high. The data showed that 31 students (96.9%) had good ability and 1 students (3.1%) had low ability.
2. The students' ability to express the content of introduction of descriptive text after watching a video at class X engineering major in SMK Negeri 1 Painan is high. It is indicate by the data that 20 students (62.5%) are classified into high ability and 12 students (37.5%) are classified into low ability.
3. The students' ability to express the content of description of descriptive text after watching a video at class X engineering major in SMK Negeri 1 Painan is high. There are 26 students (72.2%) are classified into high ability and 6 students (18.8%) are classified into low ability.
4. The students' ability to use correct grammar in writing descriptive text after watching a video at class X engineering major in SMK Negeri 1 Painan is high. The data showed that 28 students (87.5%) had high ability and 4 students (12.5%) had low ability

5. The students' ability to use appropriate vocabulary in writing descriptive text after watching a video at X engineering major in SMK Negeri 1 Painan is high. All of students (100%) are classified into high ability.
6. The students' ability to use correct mechanics in writing descriptive text after watching a video at X engineering major in SMK Negeri 1 Painan is high. The data showed that all of students (100%) are classified into high ability.

5.2 Suggestion

After the writer discussed the result and conclusion of the research, the writer recommended some suggestion for the students, teachers, and school. For the students, they need to maintain their writing skills by practicing writing regularly. For the teachers, it is better to use stimulus before asking the students to write because the students have high ability in writing after watching a video. For the headmaster of SMK Negeri 1 Painan, it is better to upgrade the criteria standard minimum score because it is low.
