

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

In this chapter, the researcher discusses conclusions and suggestions. The researcher makes a conclusions and suggestion based on the result of the research.

5.1 Conclusions

Based on the result in chapter IV, the researcher makes some conclusions as follows:

1. Generally the tsecond year students at English Department of Bung Hatta University got fair and poor 22 students (73.33%). This is the high value. The students who got excelent and good mastery just 8 students (26.67%).
2. Specifically the mastery of the second year students at English Department of Bung Hatta University in vocabulary understanding in term of content was balance. It can be seen at the result of finding was 16 students (53.33%) who got excellent and 14 students (46.67%) who got fair and poor grade in term of content.
3. The mastery of the third year students at English Department of Bung Hatta University have poor mastery in vocabulary understanding in term of function. There were 23 students (76.67%) who had fair and poor mastery but there just 7 students (23.33%) who got excellent and good.

5.2 Suggestions

Based on the conclusions, the researcher gives some suggestions for the lecturer, the next researcher, and the students as follows:

1. For the lecturers, even some students have gotten good grade in term of content and function there are still many students who have problem in vocabulary understanding. The lecturers should focus on the students who got fair and poor grade.
2. For the next researcher, the next researcher is advised to do the research that related to vocabulary understanding especially, in term of content and function. The next researcher can do a research for the items that was in content or function.
3. The researcher suggests the student much train their mastery for as much as possible. The students also have to memorize more vocabulary.
